Rules on the use of cookies

What are cookies?

A cookie is a small text file that your browser stores on your computer or mobile device when you visit a certain website. With the help of cookies, the website remembers your actions and preferences (such as login, language, font size and other preferences related to display) for a long period of time, so it is not necessary to re-enter them every time you return to the website or browse. its different pages.

How do we use cookies?

This site uses only necessary cookies and similar technologies for several purposes, depending on the context or product, including:

1. temporary user input cookies (session-id) and/or permanent cookies limited to a few hours – we use them to store your preferences and settings on your device and to improve your user experience. For example, saving your personal preferences in cookies which allows you not to have to set preferences again and again;

2. authentication cookies, which are used for authentication services, during the duration of the page view - we use them to verify your authenticity. This cookie allows you to move from page to page without having to log in again on each page;

3. user security cookies, which are used to detect abuses of authenticity, of limited duration - we use them to process information that enables us to be safe and to determine fraud and abuse;

4. multimedia content cookies, such as flash player cookies, for the duration of the page view;

5. cookies enabling loading, during the duration of the page review - we use them to remember the information you give us, we store this information in a cookie so that we can remember this information (such as the selected language); In addition to the above, we also use third-party cookies to share social network plugins, for logged-in social network members - some of our websites include social network cookies (Facebook, Twitter and LinkedIn), including those that allow users who are logged in to a social network to share content via and networks. This happens on websites that allow you to login and register via social network accounts and if you share the content of the website on social networks (e.g. via the "Like" button).

You can find out how to manage third-party cookies on their websites:

1. You can find out about the use of cookies by Facebook and how you can regulate them at https://hr-hr.facebook.com/policies/cookies/

2. You can find out about the use of cookies by Twitter and how you can regulate them at https://help.twitter.com/en/rules-and-policies/twitter-cookies and

3. You can find out about the use of cookies by Pinterest and how you can regulate them at https://policy.pinterest.com/en/cookies

4. You can find out about the use of cookies by Instagram and how you can regulate them at https://help.instagram.com/1896641480634370?ref=ig

Information related to the above cookies is not used to identify you personally. Facebook, Twitter,

Pinterest and Instagram receive your personal information when you visit those websites and apps, including device information and information about your activity without any additional action on your part. This happens regardless of whether you have a Facebook, Twitter, YouTube, Instagram user account and whether you are logged in or not.

OPG DRAGAN MUSKOVIĆ cannot influence the processing of personal data carried out by third parties. OPG DRAGAN MUSKOVIĆ does not use cookies for purposes other than those described in our Privacy Policy and these Rules. Cookies used on this website.
